

## Fall 2019 After School Program Contract

The After School Program (ASP) provides safe and engaging after-school childcare support for St. John's students. The program serves pre-k through eighth grade children on school days\* between the hours of 3:00 and 6:00 p.m. Each day, participants receive a nutritious snack along with supervised study hall and/or play time. The annual cost for the ASP is \$3,000 per child; the drop-in fee is \$20 per child, per day. We offer a discounted rate of \$10 per day for Middle School students who check into the ASP after Homework Club. As part of the ASP, we offer optional after-school classes in a variety of educational and instructive areas for an additional fee. The fall session optional classes will begin the week of **September 3**; exceptions are noted below. Students may attend ASP before or after their optional classes at no additional charge.

To enroll in the ASP and/or optional classes, please complete the contract below and return the form to school.
